Boasting a robust production infrastructure, the company commands a formidable production capacity of 1400 metric tons per day.

Ambe Steels, a prominent entity within Nepal's steel industry landscape, was founded in 2008. Distinguished as one of the largest steel companies in the nation, it operates two state-of-the-art factories: Ambe Steels located in Bhairahawa, and Jay Ambe Steels situated in Nepalgunj.

Boasting a robust production infrastructure, the company commands a formidable production capacity of 1400 metric tons per day.

In the fiscal year 79-80, Ambe Steels recorded a commendable performance, achieving total sales of 160,000 metric tons, equivalent to a monetary value of \$150 million (NPR 2025 Crore). Through strategic initiatives and steadfast dedication to quality, Ambe Steels continues to fortify its position as a key player in Nepal's steel manufacturing sector.

AMBE STEELS

OUR STORY

A history of success, vast experience, professionalism and enthusiasm.

LEADING THE INDUSTRY WITH QUALITY SERVICE

Ambe Group was established in 1982 as a trading company, importing electronics and garments from Hong Kong and Singapore. Within its first three years of trading, Ambe Group had grown into one of the largest trading firms in Nepal.

After two decades of leading Nepal's international trade industry, Ambe Group began to diversify. In 2004, the group established Ambe Cement, its first manufacturing unit in Parwanipur, Birgunj. Following this, the group continued to expand into multiple business verticals with interests in banking, real estate, property development, food manufacturing, and the steel industry.

Ambe Group continues to grow from strength to strength, recently doubling its annual turnover to over NRs 3000 crore (\$200 million) with over 4000 employees.

WHY WE'RE DIFFERENT

ईन्जिनियरको पहिलो रोजाइ
अम्बे स्टील्स

- ✓ A well-known manufacturer of TMT bars in Nepal
- ✓ Large production capacity from two different plants (Bhairahawa / Nepalgunj).
- ✓ Uninterrupted supply of all sizes at any time.
- ✓ Strong trust and preference from clients, particularly builders and contractors.
- ✓ High quality consistency for over two decades.
- ✓ Highest seller of TMT rebar in Nepal.
- ✓ Most consistent mass per meter production due to advanced vertical horizontal mills.
- ✓ On-site technical support to the contractors.

Our company's mission is to deliver top-tier steel products at affordable prices, characterized by unwavering quality that instills trust in our customers.

Our vision is to be Nepal's foremost provider of superior steel solutions, recognized for excellence, integrity, and customer satisfaction.

“ With over a decade of experience in the steel industry, Ambe Steels takes pride in its consistent growth, robust customer relationships, and efficient operations.

Our distribution network ensures that our products reach every corner of Nepal.

Shovakar (Hari) Neupane

Chairman and Managing Director

Shovakar (Hari) Neupane is the founder, chairman and managing director of Ambe Group. He is a shining example of what inspiration and determination can bring. He is recognized as a prominent entrepreneur; he has made significant contributions to the steel and cement industries in Nepal.

Mr. Neupane was born in September 1958. He completed his bachelor's degree in Business Administration from Tribhuvan University. From 2004 onwards, he began expanding Ambe Group into multiple business verticals, driving its growth and diversification.

His professional affiliations include the following:
